

Take your
baby beyond
the pacifier!

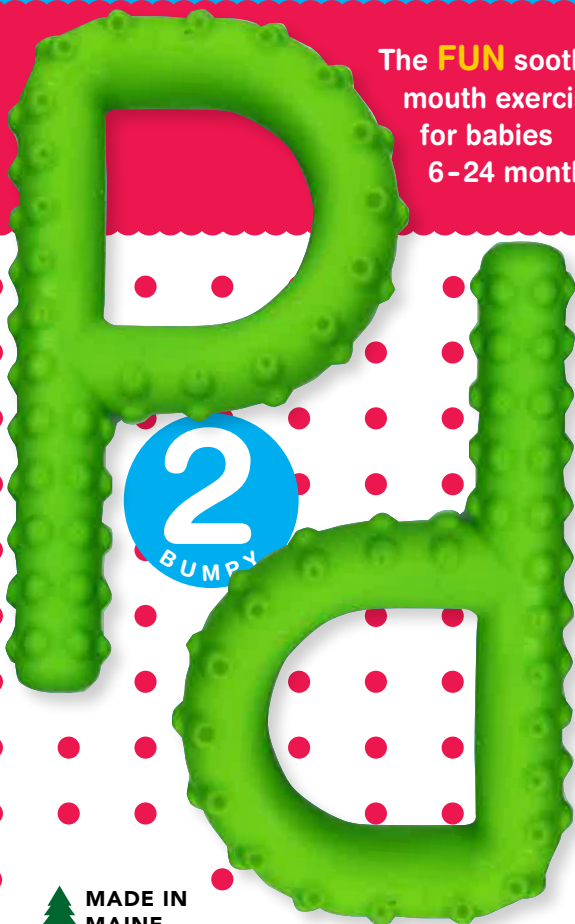

STAGE TWO TEETHER

FPO

for sensory stimulation

The **FUN** soothing
mouth exerciser
for babies
6-24 months

MADE IN
MAINE

A safe, nurturing way to develop
biting and chewing skills

Knobby P's in a Pod make fun squeaky sounds babies love ~ and are recommended by **Speech Pathologists** and **Pediatric Dentists** for healthy mouth development. Knobby P's in a Pod are free of latex, lead, BPA, PVC and phthalates. All material is FDA compliant.

- **STAGE TWO** Unique bumpy texture for new baby teeth
- Develops biting skills safely and naturally!
- Encourages graded jaw motion for feeding and speech skills
- Arm of P encourages back molar chewing
- Leaves mouth open for breathing and sound play
- Wash with mild soap and water
- Replace when signs of wear are visible
- Requires adult supervision for children under 3

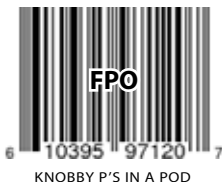

**Take your baby beyond the pacifier
with the teether babies love!**
